Storage System

Modular system to store sleeves, anilox and carriers

compact design

EC Norm compliant

manual handling

patented product

Manual system for simple, easy and safe vertical storage of flexo plate sleeves, carriers, anilox composed of fixed racks on the lateral sides and internal mobile modules (racks). Modular, expandable over time and with highly customisable, it enables fast and safe management of the entire products' park. Easy and quick to install, Storage System guarantees the reduction of the usage of the space thanks to the storage on two (or three) levels of the products in each rack and the correct vertical storage of sleeves avoiding possible deformations (ovalisation) due to eventual storage for long periods in a horizontal position or damages due to accidental contacts or falls.

structure

- Long-lasting structure in painted, torsion-resistant steel
- Adjustable shelving height for sleeves/anilox in various lengths
- Sliding elements on both sides
- Sleeves arranged over multiple rows based on the external diameter
- Modular and expandable system over time
- High capacity and stability

specifications

Fixed racks	2 in basic Storage - 1 in additional Storage
Mobile racks	up to 4 racks both for basic Storage and additional Storage
Width	based on the number of racks planned
Storage heights available / Maximum height of Sleeves for configuration of 2 shelves	Storage 3,4 / Sleeve 1,34 - 3,7 / 1,51 - 4,0 / 1,62 - 4,2 / 1,72 [m]
Depth	2,6 [m]
Capacity	400 [Kg] per shelf
Additional accessories	Additional shelf and Sleeves centering systems
